

Women Education in India Essay :

Long Essay on Women Essay in India

Women play a significant role in Indian society. Women's education is a big opportunity for India to be developed socially and economically. India is a progressing country and it is one of the prevalent democratic nations. Education to the people of the country leads the country to a developed nation. Women's education is an enduring process that is essential for every female/woman in the country. Earlier women had many stereotypes in the family and also in society. They were restricted from education and were to stay at home maintaining the family and the household chores. But now in the present world, women are set equal to men in society. They have been recognized with the rights that are ought to be. Education is one most valued rights of women in India.

Since the day we got independence, the country has had a lot of enhancement in all the fields. This evolution was achievable, due to the rise in the rate of knowledge attained through education. Education is handy to people without any gender discrimination, which leads to colossal steps forward development of the country. Education to women facilitates them to achieve triumph in various fields. Their contribution to the country will escort to vast progress in the country. The literacy rate in the country had an enormous increase.

## Growth Rate of Women Education

According to the statics of women's education in India, during our independence, it was less than 8% which was disastrously low. Thereafter, in the year 1951, there was an increase in the women's literacy rate in the country, it had a growth of 64% according to the 2011 census. Comparatively, our country lags behind other countries. The men's literacy rate is 81.3% and women stand at 65.6% in the current situation. The average literacy rate around the world is 79.7%. In the rural areas, the situation is most awful, where people are unaware of the importance of education, lack of poverty line, certain restrictions that bunged women from education.

## Significance of Education For women

Educating woman leads to superior upcoming in society. Education gives them knowledge of all the aspects of life. And fill them with bravery, potency, the strength of will to accomplish their goals. Women's education eradicates social evils like female infanticide, violence against women, sexual harassment, dowry system, child labor all these can be eliminated from Indian society. Educating women will develop the economic conditions of the nation as many women pose jobs in various fields this leads to a better country. Meanwhile, the family will be also economically stable due to the income earned by the women. The earnings are contributed to the well-being of the family and children. Educated women have a social status in society, as she is self-dependant and self-disciplined.

Literate women set goals for the next generation. If a woman is educated in a family, she will be an example for the kids in the family and encourage them for a better quality future. People in the family are fit and fine, as the woman knows the nutritious food that will nurture her family to well-being. Cleanliness and discipline habits are adopted by the kids at an early age, as the mother is their first teacher.

## Factors Affecting Women Education

A wide number of crimes against women that take place now and then in society, harm physically and mentally to lay them back at home.

People in rural areas still restrict girls to get an education, as they believe women must stay at home and take responsibilities and fulfill the requirements of men.

Gender discrimination in our country, due to the conservative nature of people, women's status has, through ages, been considered to be lower than that of men, and it is risky to change the mindset of the people.

People who lack income, drop out their kids from getting an education. Famine and malnutrition of the girl child.

## Programs For Educating women/ girl

The government has implemented many programs for women's empowerment and women's education, here are a few.

Indira Mahila Yojana

Beti Bachao, Beti Padhao

Sarwa Shiksha Abhiyan

Balika Samridhi Scheme

Rashtriya Mahila Kosh

Mahila e-Haat

one-stop center and Scheme

Beti Bachao, Beti Padhao

Conclusion: "You educate a man, you educate an individual, but if you educate a woman, you educate a nation". Empower women with eminence education for a better future and progress of the country.
