Even in drugs, there are some useful and helpful drugs to cure diseases. On the other hand, some of the drugs change human health in all ways and affect it in all possible ways. Drug abuse is a dangerous issue for people's health physically and mentally. As similar to the previous points the below essays on Drug Abuse will provide clear information about it. The below essays on Drug Abuse and its impact on society will explain how it damages society similar to the youth of society. In further below of the article, the quotes on Drug Abuse were listed.

Short Essay on Drug Abuse

Drug abuse is one of the major challenges for the world to keep an end to it. But every year the usage of drug abuse by the people increases year by year. The main encouragement of Drug abuse is the youth of the world. The youth of the world is the high user of Drugs which are over limited than they need. The main usage of drugs is to cure some diseases with the proper amount of medication by prescribing a doctor. The proper amount of drugs in the body makes an individual fit and healthy and recover from the issues. The over usage of the drug causes health issues and mainly damages the mental health of an individual. It starts damaging the body internally after a long period it may cause death because of the over amount of quantity in the body.

Some drugs like Cocaine, MDMA/Ecstasy, GHB, Hallucinogens, Heroin, Inhalants, Ketamine are some of the illegal drugs which are banned internationally. These drugs are harmful to health and make an individual addicted to them which cannot take out in daily life.

The listed drugs make the pause for mental thinking, the person will see the illusion world and act without any sense. This is the cause that makes the youth attracted to these drugs. The government of all countries was banned these and their products but it was available illegally for a person at a high cost. Some youth thinks of it as a fashion of taking but at the time they realize they cannot live without drugs. Arrests and jailing are the punishments for the people who make, use, or sell these illegal drugs.

Large Essay on Drug Abuse

Drug Abuse is a worldwide challenge for all countries to keep a checkpoint or end to this issue. Abuse means improper usage of substances or overtaking of substances that cannot handle by the body. Drug abuse will make large changes in the body physically and mentally. The person who intakes the drugs will lose his mind and works out of sense. This Drug abuse also leads to the economic destruction of the person as well his family due to this they start practicing illegal activities for the need of Drugs. Usually, the drugs are divided into two types namely useful drugs and harmful drugs. The useful drugs are useful to cure the diseases of humans on the other hand consumption of harmful drugs will lead to mental and physical problems.

All harmful drugs are banned at the international level due to harm caused to humans by their consumption. Drug abuse is done in various ways due to pressure by society, handling situations, for fun, fashion for the youth. Drugs were consumed to skip the situations and not able to handle them by the people. The people are to take the drugs in the form of doses after a huge number of doses the body will be out of control and finally leads to ruins the whole life.

The main problem to keep a checkpoint for Drug abuse is high consumption by the youth. Youth are the people who consume the drug because of unable to handle the situations. As they know the Drug abuse is an illegal activity but they were forced by the situations to consume them. Overtaking doses of Harmful drugs can make the person mentally unfit and physically weak. The youth were addicted to it and getting affected with economic problems and health issues at younger age itself. Most of the youth in urban areas are spoiling their whole career and life with this illegal activity. Even these drugs are costlier they will never for the cost of taking these once they are addicted.

Many people are involved in drug abuse in the world. Some of the people involve as a mediator and make innocent people involved in addiction to drugs. These mediator makes all these to gain money at a high rate without any effort. In India, a huge number of people are involved in drug making and drug distribution. These issues can be seen majorly in metropolitan cities like Mumbai, Hyderabad, Bangalore, Delhi, etc. Some of the Pubs and party centers maintain these illegal drugs in different types according to the needs of their customers.

The Conclusion of the essay on Drug Abuse is the government of the countries should educate their people about the disadvantage of drug abuse and how it leads to the death of the people. As the youth are involved in drug abuse the parents should engage with the children to know their problems and troubles. These interactions can lead to prohibition towards the negative ideas or ways of the children. The government of the countries should bring the rules against drug abuse and allow it at necessary needs with the suggestion of doctors. Many special teams should be set up to look after the drug issues in society. The laws should contain severe punishments and everyone should be fear to encourage these illegal and negative activities.
