What is Sugamya Bharat Abhiyan? Sugamya Bharat Abhiyan is a campaign started for people with disabilities. Sugamya Bharat Abhiyan is also known as the Accessible India Campaign started by Prime Minister of India Narendra Modi on 3rd December 2015. The Campaign is to change the mindset of the people with disabilities to move into society and work like normal people. Similarly, more information is included in the below essay on Sugamya Bharat Abhiyan. Some unique information and key points about Sugamya Bharat Abhiyan's essay in English were covered.

Short Essay on Sugamya Bharat Abhiyan

Sugamya Bharat Abhiyan or Accessible India Campaign is started by the government of India to gift the society where the disabled person can move. Nearly 2.1% of the Indian Population is disabled with different categories. 2,130 people are disabled with any part of the body over 11 lakh people in the country. This campaign is to make society think broadly and allow disabled people also. The disability of the person can be with natural birth and majority disability occur accidentally. By this campaign, the disabled or handicapped person should move into society in search of opportunities.

Accessible India Campaign was run under the Department of Empowerment of Persons with Disabilities of the Indian Government. The Accessible India Campaign motto is to achieve universal accessibility for Disability people. Disability physically or mentally is not a curse for the human it may occur due to the nature or improper development of the baby in the mother's womb. Treating the people when they move into society will be a curse to their feelings. These people do not need money they just need opportunities and good behavior towards them. The government of India under this campaign rebuilt many public places to easy access by those people.

The government started awareness for all the people to treat those people equally as them and encourage them to live independently. Discrimination in society is the only problem for disabled people in India. However, Sugamya Bharat Abhiyan is one the greatest step by the government to empower and motivate all types of people to live independently. Many more campaigns should start by the government to develop the country in all categories.

Long essay on Sugamya Bharat Abhiyan

Sugamya Bharat Abhiyan is launched by Prime Minister Narendra Modi on 3rd December 2015. 3rd December is International Day of Persons with Disabilities (IDPD) is organized by all the WHO joined countries. The theme of IDPD is a growing understanding that disability is part of the human condition. Sugamya Bharat Abhiyan is also known as the Accessible India Campaign. The result needed for the campaign is to make disabled people move into society to live independently. By this scheme, the Government of India wants to gift an accessible world for all disabled people. The government started helping disabled people in many ways like economical support, reservation, and many other needs.

According to the 2011 census, there are over 2.68 crore people with disabilities in India, which means 2.21% of India's population. The count of people facing disability is not a small number, so the government had taken the initiative to make the environment in fulfilling their needs to move into society. The Government of India assigns some amount in the budget for rebuilding the society as per the needs of those people. with the assigned budget government renovate public places like railway stations, airports, bus stands, government hospitals with ramps, wheelchairs, and many other ways to help them effectively.

The government had kept some goals for this Accessible India Campaign is to remove barriers in the thought of disabled people, provide motorized tricycles to the people of 70-90% of disabled, rehabilitate 50-100 public buildings in every state, construct more public buildings in 50 cities across India by 2016. The government of India under this act planning the sign languages on Government TV channels, for this government is training nearly 200 people. Sugamya Bharat app was developed to know the information of the public places for the disabled people to move freely in society.

The government started presenting awards specially for disabled people every year in New Delhi. The awards were issued as the National Awards for the Empowerment of Persons with Disabilities every year. For these awards, the nominations are taken all across India with the talent and performance of the people in the society. All these schemes are built up after India was signed to the UN Convention on the Rights of Persons with Disabilities (UNCRPD). Under this, the government should provide all the rights of disabled people in their country. Some rights are framed internationally to make society a disabled-friendly society.

Conclusion for the essay on Sugamya Bharat Abhiyan is it was a useful campaign for the development of India. Under this campaign, a lot of people can get disabled-friendly needs for people to go into society independently. The government of India should bring many schemes, acts, campaigns to help disabled people completely. These can make a good step towards the development of India in categories and encourage the people. A huge number of normal people got aware of the troubles faced by disabled people in society. Sugamya Bharat Abhiyan mainly results in freedom for the people and developed independent living for the disabled people of the country.
